To the participant:

I am a student at Rio Salado College taking PSY290, Psychological Research. As part of the requirements for the class, I need to conduct several experiments. The exercise will take about 15 minutes. At its conclusion, the purpose of the study will be explained in greater detail and any questions will be answered. Except for some uncertainty about the nature of the experiment, there are no risks related to the study. Adequate safeguards will be provided to maintain privacy and confidentiality of your name and responses. Data will not be reported from this study.

The college has approved the procedures for this experiment. I am under the supervision of the above named instructor for this class.

Informed Consent

I, _____ Alborz Layeghy _____, state that I am over 18 years of age and that voluntarily agree to participate in this study. I understand that I can terminate my participation at any point without penalty and that termination of my participation will in no way jeopardize my standing at Rio Salado College, and that all data that I contribute will remain confidential. I understand that the study involves no risk to me.

The study has been explained to me by the student investigator, who has answered all of my questions. I understand that I will be asked to read two articles a list of articles and later evaluate them.
